**Phone#: 6312733314 Fax#: 6312738863**

**Drug NDC:** 00015-5658-01  
**Drug Name:** NALDECON SENIOR EX

**How should I use this medicine?**

Take this medicine by mouth. Follow the directions on the prescription label. Use a specially marked spoon or container to measure your dose. Household spoons are not accurate. Take your medicine at regular intervals. Do not take it more often than directed. Talk to your pediatrician regarding the use of this medicine in children. Special care may be needed.

**Overdosage: If you think you have taken too much of this medicine contact a poison control center or emergency room at once.**  
**NOTE: This medicine is only for you. Do not share this medicine with others.**

**Where should I keep my medicine?**

Keep out of the reach of children. Store at room temperature between 20 and 25 degrees C (68 and 77 degrees F). Do not freeze. Keep container tightly closed. Throw away any unused medicine after the expiration date.

**NOTE: This sheet is a summary. It may not cover all possible information. If you have questions about this medicine, talk to your doctor, pharmacist, or health care provider.**

**What should I watch for while using this medicine?**

Do not treat a cough for more than 1 week without consulting your doctor or health care professional. If you also have a high fever, skin rash, continuing headache, or sore throat, see your doctor. For best results, drink 6 to 8 glasses water daily while you are taking this medicine.

**What is this medicine?**

GUAIFENESIN (gwee FEN e sin) is an expectorant. It helps to thin mucous and make coughs more productive. This medicine is used to treat coughs caused by colds or the flu. It is not intended to treat chronic cough caused by smoking, asthma, emphysema, or heart failure.

**This medicine may be used for other purposes; ask your health care provider or pharmacist if you have questions.**

**What should I tell my health care provider before I take this medicine?**

They need to know if you have any of these conditions: diabetes, fever, kidney disease, an unusual or allergic reaction to guaifenesin, other medicines, foods, dyes, or preservatives, pregnant or trying to get pregnant, breast-feeding

**What if I miss a dose?**

If you miss a dose, take it as soon as you can. If it is almost time for your next dose, take only that dose. Do not take double or extra doses.

**What side effects may I notice from receiving this medicine?**

Side effects that you should report to your doctor or health care professional as soon as possible: allergic reactions like skin rash, itching or hives, swelling of the face, lips, or tongue. Side effects that usually do not require medical attention (report to your doctor or health care professional if they continue or are bothersome): dizziness, headache, stomach upset

**This list may not describe all possible side effects. Call your doctor for medical advice about side effects. You may report side effects to FDA at 1-800-FDA-1088.**
